

Introduced by Senator Dutton

February 22, 2005

An act to amend Section 14670 of the Government Code, relating to state property.

LEGISLATIVE COUNSEL'S DIGEST

SB 1061, as introduced, Dutton. State property leases.

Existing law generally authorizes the Director of General Services to let for a period not to exceed 5 years, any real or personal property of the state, the letting of which is not expressly prohibited by law, if he or she deems it in the best interest of the state.

This bill would authorize the director to execute lease agreements for a period exceeding 5 years, if not less than 30 days, or a lessor period if permitted by an appropriate committee chair, prior to its execution, he or she notifies in writing the chairpersons of specified legislative committees of his or her intention to enter into the agreement. It would require a copy of this notice to be provided to any person upon request. It would specify that the authority of the director to lease real property under these provisions includes the authority for specified acts, and would make various clarifying changes.
